

PROFILE

Industrial engineering graduate of Istanbul Bilgi University (June 2026) who learns by building. Picks up new technology fast: builds web apps with React, TypeScript and AI tools, from a multiplayer party game to a live menu site. Three internships, one in a crypto exchange's product team, and an award-winning senior design project. Seeking an APM or product analyst role working between users, data and engineers.

| 2026–present | Co-founder, TAB Marketing <a href="#">tab-marketing-site.vercel.app</a> <ul style="list-style-type: none"><li>Spotted that venues had no simple way to hear from guests; co-founded TAB with two friends.</li><li>Build client sites end to end, such as francoserdivan.com: a Sheets-driven menu with a taste quiz.</li></ul> |
| 2026         | Krone <a href="#">innerclock.vercel.app</a> · personal project, fully playable <ul style="list-style-type: none"><li>Built a party game of nine mini-games with live Supabase rooms; first version took six days.</li></ul>                                                                                                    |
| 2026         | Feed Detox   Next.js · EN/TR · personal project, working prototype <ul style="list-style-type: none"><li>Built an app that turns stated interests into follow lists via the YouTube API and web search.</li></ul>                                                                                                              |

SKILLS

|           |                                                                                                |
|-----------|------------------------------------------------------------------------------------------------|
| Product   | Scrum · backlog and user stories · acceptance criteria · roadmap · Jira · Confluence           |
| Analysis  | Benchmarking · app teardowns (Figma) · KPI dashboards · root cause · SQL · Excel · Power BI    |
| Build     | React · TypeScript · Next.js · JavaScript · Supabase · Git/GitHub · Vercel · rapid prototyping |
| AI        | LLM-assisted prototyping and coding · prompt design · API integration (YouTube, Supabase)      |
| Domains   | Fintech and crypto (published blockchain research) · hospitality · sports media · lean and TPS |
| Languages | Turkish (native) · English (professional)                                                      |

AWARDS, PROGRAMMES & CERTIFICATES

- Best Senior Design Project Award, Istanbul Bilgi University (2026): chosen from the top five of the term; presented at CSRP 2026
- FlyRank AI, AI engineering programme (Jul–Aug 2026): five reviewed assignments and a capstone
- [AI Fluency: Framework & Foundations](#), Anthropic (Jul 2026)
- AI Fluency for Builders, Anthropic (2026)

PUBLICATION

- Book chapter, “Blockchain ve Eğlence Sektörü”, Nobel Akademik Yayıncılık, 2022

LEADERSHIP & INVOLVEMENT

- Editorial Director, Bilgi Blockchain Club (2021–2024): commissioned and edited its publications and forum programme
- International: European Summer School, Blockchain to Financial Markets, Prague (2025) · HeForShe Erasmus+ Youth Exchange, Estonia (Dec 2023)
- Vice President & Operations Lead, BilgiADK (2021–2024): ran 10+ forums; largest panel drew 4,000+
- Drums & songwriting, *son sek'*. One album, two singles, live shows ([Spotify](#))
